How do I create an Assignment through Assignment Builder?

Select Edit.

From the top right corner, select the Edit Integration icon.

Create Gradebook Item.

Within the Create Gradebook Item box, enter the name of the assignment.

Select Update Options.

Scroll to the bottom of the page and select Update Options.

Clear browser history.

Clear your browser history and then close the browser.

Select type of assignment.

After re-entering the VoiceThread tool, select the type of assignment wanting to assign.
